## Introducing our 15th annual GLOBAL IMPACT CELEBRATION!

This year's theme is 'Together'.

In a year when we have not been able to gather together, when connection has looked different than ever before, there is one message that still rings true; Jesus is on the throne! Even when our world is turned upside down, God is still before all things, and in Him all things hold together - Colossians 1:17

Together we can make a difference, together we can change the world, together we will see His kingdom come!

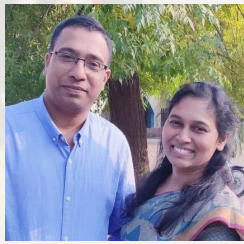

Our ministry partners are excited about being with us (even if it is virtually), for this great event! They will challenge and stir our hearts to see how God can still bring us together, even when we are apart. We can't wait to celebrate with you, both in-person and online throughout this weekend of events.

Let's keep our vision and mission alive to preach the gospel and make disciples of the nations!

See you there, Pastor Joel & Angela Wells
